

# ROOFTEC<sup>®</sup> XCS 500

## SO MUCH MORE THAN JUST A PRESSURE WASHER!

**BUILT IN USA**  
WITH GLOBALLY SOURCED MATERIALS

### ALL-IN-ONE Soft Washing AND Pressure Washing to Clean:

- Concrete Roof Tiles
- Block Paving
- Composite Decking
- Vinyl Siding
- Concrete
- Wood Decks
- Clay Tiles
- UPVC
- Asphalt Drive Ways
- Stone Masonry

**AND virtually any other exterior substrate!**

#### HIGH PRESSURE CLEANING

- Set up to 2500 PSI for concrete cleaning
- Set up to 1000 PSI for wood cleaning
- Able to use standard pressure washing tips, oscillating tip, or up to a 50mm surface cleaner
- Use metering valves on machine to pre-treat and post-treat with cleaning solutions

#### LOW PRESSURE CLEANING

- Set to below 600 PSI for more delicate substrates (roofing, siding, etc.)
- Mix manifold injects both surfactants and high strength Sodium Hypochlorite
- Uses food-grade, stainless steel Suttner spray gun with j-rod
- Spray up to 10 to 12 Metres for easy roof and siding cleaning from the ground

#### FEATURES

- 21 litre/Minute, High Performance General Pump with Stainless steel heads and ceramic plungers for chemical injection
- Extremely reliable and quiet 14hp Kohler Engine able to run for 7 hours on a single tank of fuel
- Adjust between 100 and 2500 psi quickly with a pressure regulator
- Adjust SH easily between 0 and 6% and meter surfactant flow from 0 to 38 Litres/Minute

#### SPECIFICATIONS

ENGINE SPEED	2500 RPM (MAX) / 900 RPM (IDLE)
WATER PUMP RPM	1785 RPM (MAX)
WATER PUMP FLOW RATE	21 LITRE/MINUTE (MAX)
BLEACH TANK CAPACITY	415 LITRES
UTILITY TANKS CAPACITY	45 LITRES (EACH)
CONSOLE WEIGHT	291 Kg (DRY)
MAX OPERATING WEIGHT	835 Kg (FULL TANKS)
DIMENSIONS (HxDxW)	104.14 X 149.86 X 121.92 CM
INCLUDED SOLUTION HOSE	60 METRES HIGH PRESSURE/CHEM RESISTANT HOSE
INCLUDED SUPPLY HOSE	30 METRES STANDARD 12mm GARDEN HOSE
INCLUDED ACCESSORIES	STAINLESS STEEL SPRAY GUN, J-ROD W/4 TIPS
